Following the well-attended kickoff of the Pullman 2020 process on September 8, 2011, we have been having Pullman 2020 presentations by various organizations at City Council meetings. One of last year's adopted City Council goals stated:

Place a strong emphasis on visioning. Explore low-cost options for conducting a Comprehensive Plan update over the next few years. Engage in a City Council exercise to list the major issues that will impact Pullman in the years ahead. Provide opportunities for Pullman 2020 visioning sessions in which local civic groups can convey their ideas regarding Pullman's future.

At the City Council meeting on March 20, 2012, the Pullman 2020 process will continue with presentations by the Port of Whitman County Properties and Development Manager Debbie Snell, Whitman County Commissioner Greg Partch and the Whitman County Association of Realtors as presented by Immediate Past President Chris Clark of Windermere and Vice-President Chud Wendel of Coldwell Banker Tomlinson.

8. A RESOLUTION ADOPTING THE 2012 WHITMAN COUNTY SOLID WASTE MANAGEMENT PLAN.

REQUEST FOR COUNCIL ACTION

For Meeting of: 03/20/12

ACTION REQUESTED:

Adopt the Whitman County Solid Waste Management Plan for the City of Pullman.

BACKGROUND:

Incorporated communities in the State of Washington are required to have a Solid Waste Management Plan, submitted to and approved by the Department of Ecology. Whitman County has taken the lead for communities in this county by preparing a plan that the communities can also adopt. In this way, communities can avoid the necessity of preparing their own individual plan. Recently the county completed the 2012 Solid Waste Management Plan, which has been submitted to and accepted by the Department of Ecology. This document is an update of the original plan, adopted in 1997 and previously updated in 2005. The 2012 plan was developed with assistance from the Solid Waste Advisory Committee, of which Councilmember Bill Paul is a member representing Pullman. It is appropriate that the City of Pullman now adopt the new plan in order to remain in compliance with state code.

RECOMMENDATION:

Adopt the attached resolution adopting the 2012 Whitman County Solid Waste Management Plan within the jurisdiction of the City of Pullman.

RESOLUTION NO. R- 17-12

A RESOLUTION ADOPTING THE 2012 WHITMAN COUNTY SOLID WASTE MANAGEMENT PLAN WITHIN THE JURISDICTION OF THE CITY OF PULLMAN.

WHEREAS, the City Council for the city of Pullman has before it the 2012 Whitman County Solid Waste Management Plan which is attached hereto and marked as Exhibit "A"; and,

WHEREAS, Whitman County owns and operates the only solid waste handling facility with a Health Department permit within the county; and,

WHEREAS, this transfer, landfill, asbestos and household hazardous waste handling facility adheres to the Washington Department of Ecology's Minimum Functional Standards and the State Solid Waste Planning Guideline; and,

WHEREAS, all incorporated communities in Whitman County must submit a local solid waste management plan in accordance with state statutes, or act in concurrence with a countywide plan; and,

WHEREAS, Whitman County has prepared a 2012 countywide Solid Waste Management Plan in accordance with state regulations; and,

WHEREAS, this Council believes it to be in the best interests of the city of Pullman to adopt said plan; now, therefore,

IT IS HEREBY RESOLVED by the City Council of the city of Pullman that it is in concurrence with the 2012 Whitman County Solid Waste Management Plan and adopts it for the city of Pullman.

ADOPTED by the City Council of the city of Pullman, Washington at a regular meeting held on the _____ day of _____, 2012.

DATED this _____ day of _____, 2012.
