We were exempted from the original Phase II implementation. The State of Washington decided to include us and 9 other cities that had not been on the initial Federal Phase II list. There was a bill before the legislature to give us a few more years for implementing Phase II. But the bill is dead since there are no state funds. The only hope on delaying the timeline is a budget proviso and that is a long shot.

Discussions

- Whitman County  
Solid Waste  
Presentation
6. Mayor Johnson announced that a presentation is scheduled on Whitman County Solid Waste. Whitman County Public Works Director Mark Storey gave an update on solid waste collection in Whitman County. He commented that they started a long-haul contract with Waste Management in 1993 to transfer waste to Arlington, Oregon. At the time the tipping charge, the cost to haul it out, was \$69. In 2007 this was increased to \$95. This fee increases approximately \$2 per year. They are now looking at several options. The County is trying to come up with the best alternative which may result in opening two new cells at the existing landfill. The cost would be relatively cheaper than the other alternatives over the next twenty-five years. It is still in the decision process and Public Works Director Storey is hoping they will make a decision in the next few months. When a decision is made he plans on coming back before the Council and updating them on the plan. Councilmembers asked about the affects of methane gas and commingled recycling issues. Mr. Storey answered Council questions. The Council thanked Mr. Storey for his presentation and the cooperation he has given to the City.
- 2010 Goal  
Setting
7. Mayor Johnson announced that a discussion is scheduled on 2010 Goal Setting. City Supervisor Sherman had two tentative dates, February 13 or March 6 for the Council retreat. The Council consensus was to hold the meeting on March 6 at the Hilltop.

## **NEW BUSINESS**

Mayor Johnson asked if there was any new business from either the Council or audience. City Supervisor Sherman presented an e-mail from Whitman County Commissioner Greg Partch asking to approach Senator Patti Murray to support a grant to make improvements to Airport Road. Public Works Director Workman stated they will meet Thursday with County officials to try to get the application completed. The City is looking for authorization to apply for the grant.

Councilmember Bloom moved, Councilmember Weller seconded to authorize to proceed with this grant application.
