the curbs were about the same. Public Works Director Workman stated that there are some differences, but there was not any major differences in the requirements.

Ordinance No. 10-14 - Budget Amendment

11.

Mayor Johnson announced that an ordinance had been prepared amending the 2010 budget. Finance Director Mulholland presented the staff report. He pointed out the spreadsheet that he put together on Exhibit "B" indicating that the revenue in the General Fund was going up by \$22,291 from a Library grant and expenditures increased \$173,958 for a net effect on the fund balance of a reduction of \$151,667. Under expenditures he noted that \$125,000 was inadvertently left off the adopted budget for fire, an additional \$30,000 in legal, and there was acquisition of additional Library supplies of \$18,958.

Transit had received two grants that had been accepted and totaled \$407,879. Expenditures were \$365,516 which resulted in an increase to the fund of \$42,363.

For Government Buildings, there were two grants for weatherizing windows. The total was \$143,000 with other improvements and expenditures of \$153,00 which had a net effect of reducing the fund balance in Government Buildings by \$10,000.

The Council indicated they liked the spreadsheet because it is easier to see what is being shown in these budget amendments. Finance Director Mulholland indicated he would continue this in the future.

Ordinance No. 10-14 by title only reads as follows:

AN ORDINANCE AMENDING ORDINANCE NO. 09-32 ADOPTED DECEMBER 8, 2009, AND ENTITLED "AN ORDINANCE ADOPTING A BUDGET FOR THE CITY OF PULLMAN FOR THE YEAR 2010".

Councilmember Bloom moved, Councilmember Wright seconded to adopt Ordinance No. 10-14. The motion carried unanimously.

Discussions

Fireworks Education and Enforcement Efforts

12.

Mayor Johnson announced that a discussion is scheduled on fireworks education and enforcement efforts. City Supervisor Sherman gave the initial staff report. Fire Prevention Officer Dragoo presented his staff report. For the 4th of July time period there were only two incidents. One

of these incidents was a fire on July 4 which occurred in a parking lot on Ash Street, damaging a light pole base. The second fire occurred on July 7 in some weeds and grass around a fire hydrant on Kamiaken Street. He indicated that part of an aerial firework was found on the sidewalk near the fire. He stated there were four fireworks stands that were inspected and approved for sales by the Fire Department. During the inspection they found some illegal jumping jacks. They had all four stands remove them and send them back to the wholesaler. He indicated this was an oversight on the wholesalers part.

Mayor Johnson asked if the four fireworks displays sales were all nonprofits. Fire Prevention Officer Dragoo indicated that only one was nonprofit. Councilmember Benjamin said that he thought that there were other fireworks stands because he had seen some items in some other stores such as Shopko. Fire Prevention Officer Dragoo stated that what they had there were just novelty devices and they have less than 6 milligrams of powder and aren't really considered fireworks.

Commander Tennant presented a report which was primarily statics for 2003 to the current time period. The incidents have gone down tremendously since the ordinance was enacted in 2006 and he had the statistics to back up his supposition. He indicated a large part of this was a result of education of what is legal and illegal. He said the holidays were pretty quiet and there were no major problems. The only enforcement action taken was that three individuals were cited, in one case, for illegal possession of fireworks which were bottle rockets.

Mayor Johnson then addressed Finance Director Mulholland and City Attorney McAloon, since they reside in Spokane, about what they had observed in their particular neighborhoods. City Attorney McAloon had nothing and Finance Director Mulholland had a war zone on the next street.

Councilmember Paul indicated that it was a good thing that the Council had done in 2006. Enforcing the ordinance and statistics prove it was the right decision.

Wellness
Program Annual
Report

13. Mayor Johnson announced that a discussion is scheduled on the Wellness Program. Human Resources Manager Sires presented the staff report. She stated that for 2010 we received the excellence level as a "Well City" and as a result of our actions that we will receive in 2012 a 2 percent reduction in our insurance premiums. She thanked the Wellness Committee for all the work they did and especially Michol Ann Jensen who put a lot of work into the posterboard and as an energetic committee member.

Councilmember Waldrop gave his congratulations to Ms. Sires. The Mayor indicated that she had been elected to the Employee Benefit Advisory Committee of AWC. Councilmember Bloom wanted to know how many years we have won the wellness award. Ms. Sires indicated it was six.

Current Economic
Conditions

14. Mayor Johnson announced that a discussion is scheduled on current economic conditions. City Supervisor Sherman presented the staff report on

the state of the U.S., State of Washington, and the City. He also handed out the latest edition from the State on July 12, which was the economic and revenue update. The highlight of the report was that the Dow, the previous week, had closed down for the sixth trading day in a row. Mortgage interest rates are at their lowest since 1971; home prices are lowest since 2002, but credit is still a problem for home buyers and since the stimulus tax credit has ended; housing slowed the market down considerably. Unemployment is still a lingering uncertainty on the State level. The Office of Financial Management report shows a projected \$3 billion shortfall for the next budget period. As for the City, the overriding concern continued to be the next round of budget cuts at WSU. Thus far \$58,000,000 has been cut and 58 positions have been eliminated. On a positive note he indicated that permit valuations increased by about \$1,800,000 over last year largely due to permitting of a multi-unit apartment complex. The end of the year numbers would probably be below last year because in December of last year we had Walmart which greatly increased our valuation for the year.

Councilmember Bloom noted that the economy is down at this point, but it seems sustainable. His feeling last year was that the economy was dead, but he does not have that feeling now.

NEW BUSINESS

Mayor Johnson asked if there was any new business from either the Council or audience. Councilmember Waldrop indicated that we need to look at parking in relation to single family housing as well as town houses to see if we can come up with a better plan.

EXECUTIVE SESSION

At 8:26 p.m. Mayor Johnson announced that the Council would take a five-minute break and then adjourn to Executive Session for:

Mayor Johnson adjourned the meeting at 8:26 p.m. and announced that the City Council would go into Executive Session for approximately forty-five minutes.
