

# **CITY OF PULLMAN, WASHINGTON**

## **CLASS SPECIFICATION**

### **FIRE OPERATIONS OFFICER**

**3108**

#### **GENERAL PURPOSE:**

Performs managerial and administrative work as the operations officer in the Fire Department. Assists the fire chief with program planning in the areas assigned, implements plans, directs through six shift officers, and evaluates activities such as fire suppression, departmental training program, reserve program, technical rescue, emergency medical services, and hazardous materials response.

#### **CLASSIFICATION SUMMARY:**

The Fire Operations Assistant Chief is responsible for managerial and administrative work as the officer in charge of fire suppression, emergency medical services, hazardous materials and technical rescue in the city's fire department. The incumbent may participate in labor negotiations as a member of the management team and assists the civil service chief examiner/secretary with recruitment and selection activities. The Assistant Chief - Fire Operations Officer manages the day-to-day activities of six shift officers and serves as chief of the department in the absence of the Fire Chief. In the absence of a shift captain, the Assistant Chief may take command of paid firefighters and reserves at the station and at the scene of a fire or emergency. As an exempt management position, the normal work week is forty hours. The Assistant Chief - Fire Operations Officer reports to the Fire Chief who reviews work through discussion and reports of the status and results of program activities, the state of readiness of equipment and personnel on the shift, and the attainment of operational goals and objectives.

#### **ILLUSTRATIVE EXAMPLES OF ESSENTIAL DUTIES AND RESPONSIBILITIES:**

Plans, develops, organizes, assigns, directs, and evaluates department operations with the assistance of subordinate officers, with respect to equipment, apparatus, and personnel to keep loss of life and property due to fire and other emergencies at a minimum; conducts performance evaluations of fire captains and reviews captains' and lieutenants evaluations with the fire chief; reviews and comments on captains' and lieutenants' evaluations of firefighters.

Participates in the preparation and administers specific portions of the fire suppression, EMS annual budget, and coordinates annual training budget items with the training officer under the general policy guidelines established by the fire chief; participates as a member of the management team, in the development and coordination of department programs; purchases supplies and equipment; conducts periodic checks during the budget year to ensure compliance with budgetary requirements.

Supervises the activities of assigned personnel; in the absence of adequate staffing, may drive and operate fire and emergency apparatus and equipment; responds to emergencies as directed by the Fire Chief.

In the absence of the fire chief, is assigned responsible control of the department and performs the duties of the fire chief.

Coordinates monthly subordinate officers' meetings to monitor progress towards department goals and objectives; conducts quarterly reserve firefighter meetings.

Attends fire service conferences and conventions and other educational meetings to recommend improvement in existing or development of new department programs.

Assists the civil service chief examiner/secretary in the development and administration of firefighter recruitment and testing, and captain and lieutenant promotional examinations, in accordance with civil service regulations to maintain the efficiency, currency, and readiness of the city's fire service and to improve the department.

Participates in union negotiating sessions, as a member of the management team, to serve as a resource person on fire service matters; assists in interpretation and administration of union contracts.

Attends work on a regular and dependable basis.

Interacts in a professional and respectful manner with city staff and the public.

Maintains the department's apparatus records and assigns relief apparatus for replacement when necessary.
