A complete application must be filed with the Planning Department in sufficient time to allow for staff to review the application and give public notification of the hearing before the Planning Commission. An application will not be accepted until complete, as determined by the Planning Department. A complete application must include:

When ALL property within 300 feet is owned by the applicant, owners of all property within 300 feet of the applicant's entire property shall be listed.

 - g. Land use zoning classification and the floodplain zone classification;

- h. The lot divisions and land uses of adjoining properties within 300 feet of the boundary of the proposed MHP/RVP site;
 - i. Location, widths, and names of existing or prior platted and proposed streets, railroad or utility right-of-way or easements, parks or other public spaces, pedestrian walkways and existing permanent structures to be retained within and adjacent to the proposed development site;
