

WSU Game Day and Special Event Parking Information

The City of Pullman enforces all State and local parking laws during game days and special events. Here are some of the most common parking issues during those events:

- Parking in a residential permit area without a parking permit
- Parking adjacent to a yellow curb
- Parking in a posted "No Parking" area
- Parking blocking a public or private driveway (also a towable offense)
- Parking with the [left wheels of the vehicle next to the curb](#)
- Parking in a Handicap parking space without a permit (also a towable offense)

These parking laws are strictly enforced during special events because they cause potential safety hazards.

The areas where parking permits are required were put into place after the residents of those streets petitioned the City in order to limit congestion on their streets. The permit areas are also strictly enforced for that reason.

Parking Maps & Options

- **Restricted Parking Areas:** Click [here](#) for a map of city streets around Beasley Coliseum and Martin Stadium that denote areas with parking restrictions.
- **WSU Parking:** Click [here](#) for information about on-campus parking options
- **WSU Football Game Weekend Events:** Click [here](#) for more information on WSU

football weekends

- **Public Transportation:** There are several [bus routes](#) operated throughout the City on game days that access Beasley Coliseum and Martin Stadium. You can contact [Pullman Transit](#) for more information 509-332-6535.
