## **When to Call 911**

A 911 emergency is a situation in which someone needs immediate help because he or she is injured or in immediate danger.

Call 911 if:

- there's a fire
- someone is unconscious after an accident, [drinking too much](#) , or an overdose of pills or drugs
- someone has trouble breathing, like during an [asthma attack](#) or seizure
- someone is choking
- someone is experiencing chest pain
- someone is bleeding uncontrollably
- you see a crime being committed, like a vehicle break-in, mugging, home burglary, etc.

**IMPORTANT: If you're not sure whether the situation is a true emergency, we recommend calling 911 and letting the dispatcher determine whether you need emergency help.**
