# Memo

**To:** President and Metropolitan Park District Board  
**From:** William F. Mulholland, Treasurer  
**Date:** October 4, 2010  
**Re:** Revenue Sources – 2011 Preliminary Budget

---

Chapter 251, Laws of 1995, codified as RCW 84.55.120 requires that a public hearing be conducted on revenue sources for the coming year's budget, including the consideration of possible increases in property tax revenues. This hearing must be conducted before setting next year's property tax levy, currently scheduled for November 16, 2009.

2011 Revenues are projected to be \$536,128. 2010 Expenditures are projected be \$536,128.

State law requires that the Board adopt a balanced budget. The proposed budget will reflect a balanced budget, so there is no need for a cash reserve reduction to remove any deficit.

## Property Tax Change:

- The majority of the property tax revenue growth is due to the addition of new construction to the property assessment rolls, which is exempt from the revenue limit. The projections include increases for additions to the property tax rolls from new construction in the amount of \$33.6 million and increasing property tax collections by the one percent revenue limit to address increasing expenditures.
  - The overall Metropolitan Park District property tax budget increase is projected to be \$18,415
    - Increase from new construction - \$13,268 or 2.56 percent
    - To help pay for increasing expenditure demands, staff recommends that the board exercise its authority to raise property taxes up to the revenue limit of 1.0 percent or the implicit price deflator, whichever is less. The Board took a similar action to raise property taxes for 2009. The voters of Pullman authorized the Metropolitan Park District levy at the maximum amount of \$0.50 per \$1,000 of assessed valuation. The increase from the 1.0 percent adjustment will be an estimated \$5,177.
